## Internship Experience Letter

This letter is to certify that Ravinder has worked at Edumonk Foundation in  
HR & Marketing

Department for 16 days. During his tenure at Edumonk, she was  
responsible to handle client visits

and database management of the candidates who applied at Edumonk.  
She is quite attentive at

her work and does all the task allotted to her accurately and timely.

I would be obliged to recommend him at any organization related to this  
work role assuring the

former employer that he can be a very good asset for the organization.

Best Wishes

Manish Patel

Founder & CEO
